Incident Information	
Jurisdiction: Henderson County	
Incident Name: COVID 19	**Report Preparer Name:** Anita Glance

General Situation

Background:

There is an expanding outbreak of COVID-19 caused by a novel (new) coronavirus. The outbreak began in China but is spreading worldwide. Initially, many of the patients reportedly had some link to a large seafood and animal market, suggesting animal-to-person spread. Since then, sustained (ongoing) person-to-person spread in the community is occurring in some international locations. The newly emerged COVID-19 is a respiratory disease that seems to be spreading much like flu. It can spread from person-to-person. The new virus can cause illness varying from mild to severe.

Global Situation at time of report:
